JACK WADE LYNCHED BY A LAKE LAND MOB

Miss Newell Positively Identified Him As Man Who Attempted to Outrage Her

Special Telegram to The Sun.
(By M. F. Hetherington.)

LAKE LAND, Feb. 13.—Jack Wade, the negro who was arrested at Newberry on Thursday by Sheriff Ramsey of Alachua county and Deputy Sheriff Scott of this (Polk) county, and who left Gainesville Friday in custody of the latter en route for the Bartow jail, was taken from the train at Lakeland this morning and marched out to the home of Miss Newell, his attempted victim, and was positively identified by her as the guilty man.

The mob, which was composed of only about twenty-five determined men, everything being done so quietly as not to let others know of their intentions, then took Wade into the woods a short distance from the Newell home, and after first stringing him up to a limb cut him down before life was extinct and set him up against a tree and soon riddled his body with bullets.

Wade neither confessed or denied his guilt.

It will be remembered that on Monday last Miss Newell was waylaid and

assaulted while en route to school from her home near Lakeland. Several negroes were arrested for the outrage, and a mob of infuriated citizens were at the point of burning one of them at the stake, but the man's life was spared at the earnest pleading of the girl's father, she having failed to identify him.

Miss Newell said her assailant looked like Jack Wade, who had been in the employ of the Newells up to two days previous to the assault, and that if Wade were brought before her she could say positively as to whether he was the guilty party. Wade was traced to Newberry, where he was arrested as above stated, and with the result as above chronicled.

Jack Wade was a well-built, ginger-colored negro, and he expressed every confidence of being able to prove an alibi by prominent citizens. He was not at all nervous when seen by a Sun reporter in Gainesville on Friday afternoon, and told his story in a straightforward manner.

Fortunately for Miss Newell her assailant failed to accomplish the object of his assault.

UNIVERSITY NOTES

The anniversary of Lincoln's birthday was not allowed to pass unnoticed at the University. At chapel Roosevelt's eulogy of Lincoln was read, and Dr. Sledd made a few remarks. Among other things he said that as the passions engendered by the war are disappearing, the fame of Lincoln and of Lee seems to be becoming greater, and that eventually both of these leaders would be venerated by the whole nation.

The students are making preparations for the annual field sports to be held on Washington's birthday. Judging from the practising, some of our records will undoubtedly be broken. The public is cordially invited to attend.

A treat is in store for the people of Gainesville, especially for those who love birds. One of the most enjoyable lectures ever delivered in this city was Mr. Frank Chapman's lecture last winter; a lecture on a similar subject will be given under the auspices of the Florida Audubon Society on February 25 under the joint management of the High School and the University. The lecturer, Dr. Job of Connecticut, comes most highly recommended. His lantern slides illustrating bird life are said to be extremely fine. More detailed information will be given later. Every lover of birds is cordially invited to be present. The lecture will be delivered at the auditorium, and will begin early, so as not to conflict with the attractions of the Chautauqua, which will then be under way.

Dr. Farr's health forces him to take a rest of three or four weeks. He will leave Tuesday for the southern part of the State, and may extend his trip to Cuba. During his absence his classes will be taught by other members of the faculty.

BIG AUCTION SALE.

Choice Property in West Gainesville
to Be Knocked Down.

Thirty choice building lots will be sold at public auction in West Gainesville on next Wednesday, as is to be seen by the advertisement which appears elsewhere in this issue.

These lots are desirably located and are between this city and the new University buildings, a section that is expected to build up very rapidly the coming summer.

A new and novel feature is to be introduced at the sale, as the Hopper Bros. will cry out the sale in the same voice, the same bid and same lot at the same time.

Sale occurs Wednesday, Feb. 17, at 2 o'clock, and \$100 worth of beautiful

JURY IS COMPLETED TO TRY THE COOPERS

But State Solicitor Gives Notice That He May Strike Some of Them.

NASHVILLE, Tenn., Feb. 13.—Hardly had the jury been completed yesterday in the case against Col. Duncan B. Cooper, Robin J. Cooper and John D. Sharpe than the State served notice that it might seek to again deplete the box. This incident followed a wearisome day. Nearly 200 talesmen had been called without securing the twelfth juror when suddenly and unexpectedly both sides accepted William Hows, a German farmer 55 years old.

With alacrity, Judge Hart ordered the sheriff to bring the complete jury into court to be sworn. Then it was that Attorney-General McCann interposed. He said he had information tending to show that two of the men now in the box were incompetent. This information, he explained, came too late for use before. He asked until Saturday morning to produce the proof, if such proof existed.

Judge Hart consented to the delay and the case will be resumed this morning. Judge Hart announced Friday morning that he proposed to get a jury if it takes another month.

W. A. Bell, a farmer 50 years old, who had not read a newspaper for twelve years, qualified, but was challenged by the defense. A. G. Burnett, a horse trader to whom news-

paper reading is an undiscovered art, and who is a close friend of John D. Sharpe, next qualified. The State excused him.

J. H. Lloyd, who qualified, never believed what he saw in a newspaper because once he read in one that a certain grocer sold thirty pounds of sugar for a dollar. When he went to get the sugar the grocer told him it was a mistake. Since then he said he did not believe anything in the "durned papers." The defense excused him.

Gray haired, gray whiskered, with face deeply lined, but erect and active still, J. T. Horn, aged 65, one of Forrest's famous hard-riding cavalrymen, qualified as a talesman. He had not read the papers, but had formed an opinion.

Col. Duncan B. Cooper, one of the defendants, was one of Forrest's officers, too, but in spite of this the State accepted Horn as a juror. The fact evidently aroused the suspicions of the defense for a lengthy conference followed. Then to the surprise of everyone, they challenged him peremptorily.

It was late when the twelfth juror, Hows, was accepted and then came the announcement of the Attorney-General, which caused an early adjournment.

Sea Island Cotton Market Was Active and Firm

SAVANNAH, Ga., Feb. 13.—The Sea Island market was fairly active and firm the past week for all grades, except extra choice, which grade appeared to be neglected. Although some holding cotton was added to the receipts to swell the offerings, the demand was sufficient to take up everything of the grades in request, and large sales were made for the season. Prices remained about unchanged, but quotations are readjusted for choice and below, which grades were in especial request. The market closed quiet, but firm, with some disposition to ask higher prices.

Sales for the week were 2,041 bales.

The following prices were based on factors' quotations and are revised weekly on Fridays:

Fancy Floridas.....	19	@20%
Fancy Georgias.....	19	@20
Ex. choice Fla's.....	17	@18
Ex. choice Ga's.....	17	@18
Choice Ga's. and Fla's.....	15	
Ex. fine Ga's. and Fla's.....	14	
Fine Ga's. and Fla's.....	12½	
Com. Ga's. and Fla's.....	10	@11

CHARLESTON, S. C., Feb. 13.—Sea Island market quiet; fine, 20c; fully fine, 22c; extra fine, 23c. Receipts, 125; exports, 561; sales, 600; stock, 1,854.

Daytona Postoffice Was Robbed By Professionals

DAYTONA, Feb. 13.—Some time Thursday night, it is impossible to estimate just what time of the night, thieves gained entrance into the postoffice and drilled the safe, taking the entire contents in currency and stamps. Aside from some grease spots made by the oil used on the drill, they left nothing disturbed, and there was every evidence of the professional in their line of work. The doors and windows were locked and undisturbed, and when Charles Messing, who opens the office, arrived, it was some few minutes before he discovered the robbery.

The robbers had evidently gained entrance to the office by half-inch bit bored through the safe door to

the lock, opened the door and helped themselves to the cash box and stamps. The empty cash box was found yesterday morning by Mr. Dunn, Sr., in an empty barrel back of Dunn Brothers' store. The robbers had used a cold chisel in prying, and a freshly broken piece of concrete is what first attracted Mr. Dunn's attention and directed his search.

Postmaster Smith does not say the amount of money and value in stamps stolen, but he acknowledges that the amount was considerable. With no light burning within the office, and the mail boxes as a screen to operate behind, the danger of detection was not great enough to deter these professionals.

What Was Transpiring in Gainesville in 1876

(Gainesville Times, July 27, 1876—E. M. Hampton, Editor.)

The hogs have been allowed to roam the streets again and supply the place of our indifferent scavenger.

Mr. F. S. Roux will soon have his new shop completed and prepared to fill all orders in the line of wheelwright and cabinet maker.

Mayor Burnett and Mrs. McMillan have returned from South Carolina, the one from Orangeburg and the other from Charleston, where they have been spending several weeks.

The express office is an institution of the past, but its memory still liveth. (What would the "old toppers" do now if they had to get their "little brown jugs" by freight?)

Mrs. F. X. Miller will supply your wants in the mercantile line at panic prices. (This lady's establishment was a wooden building where W. M. Johnson's drug store now stands.)

Notwithstanding the numerous failures in this section in the vegetable business, numbers of old citizens and recent settlers will try it again next

year. (It will thus be seen that the "old timers" made failures in 1876, the same as many of our truck growers now have to contend with.)

Judge J. T. Maghee, editor of The Tampa Guardian, was in our sanctum on Monday last. (Judge Maghee was a peculiar man, but a learned jurist. He once released himself from a city jail on a writ of habeas corpus issued by and returnable to himself, claiming that a circuit judge was a judge whether in or out of prison. The travel from Tampa in those days was principally by steamer to Cedar Key, and thence by rail to Gainesville, most people preferring this mode of travel to the old stage line via Brooksville and Ocala to Gainesville.)

The familiar faces of Messrs. Wolfe and Champlain of Cedar Key lighted up our sanctum last week. (Mr. Champlain is now residing at Jacksonville, where he has made much money and is one of the most prominent business men.)

Jones Gets Life Sentence For Murder of His Wife

UNION, S. C., Feb. 13.—The motion for a new trial in the celebrated case of W. T. Jones, a wealthy planter of this county, who, after a sensational trial here last week, on the charge of having murdered his beautiful wife last July, with strychnine, and which resulted in a verdict of guilty with the recommendation of mercy, was yesterday refused by Judge Memminger, who presided last week.

The judge advised Jones to accept the sentence of life imprisonment he

imposed, as another trial might mean a hanging. Jones received his sentence with composure.

Jones is worth probably \$100,000. He is a fine type of physical manhood, being about six feet two inches in height, and weighing about 240 pounds. His composure and bearing throughout the entire trial was one of the marvels of those who saw him, but he nearly collapsed when the verdict was announced, and has since been quite ill.

GUARDS WILL HAVE HOME MINSTRELS

CHAS. T. FALES IS HERE TO PUT
SHOW ON.

Former Minstrels Given Under His
Direction Have Proved a Grand
Success Wherever Played.

Chas. T. Fales, a theatrical man of wide experience, is in the city and has completed arrangements whereby he will put on a tip-top minstrel show for the benefit of the Gainesville Guards.

Carrying a large part of his own material, which is always used by the local boys, he never fails to please and at the same time give a production that will equal many of the better class attractions that travel on the road. If his performance this year is anything like the former production given here he will have among the best local attractions ever presented here.

He has already selected a large part of his material for the show and the first of the rehearsals were held Saturday. He expects to produce the play about the 24th inst. and will hammer away at the rehearsals until each member has his part down to perfection.

A few years since he put on a local attraction here which far exceeded the expectations of all, and the play was repeated, both times drawing a crowded house.

Save Money by Buying Chamberlain's Cough Remedy.

You will pay just as much for a bottle of Chamberlain's Cough Remedy as for any of the other cough medicines, but you save money in buying it. The saving is in what you get, not what you pay. The sure-to-cure-you quality is in every bottle of this remedy, and you get good results when you take it. Neglected colds often develop serious conditions, and when you buy a cough medicine you want to be sure you are getting one that will cure your cold. Chamberlain's Cough Remedy always cures. AMUSEMENTS

COMING ATTRACTIONS.

New Baird Theatre.

Monday, Feb. 15—"Happy Hooligan in New York."

Electric Theatre.

New Moving Pictures, each afternoon and night, except Sunday.

"Hooligan" Tomorrow Night.

"Hooligan" in New York, a melodramatic comedy-drama, will be seen at The Baird Theatre tomorrow (Monday) night.

It is said to tell a consistent story and is as full of laughs and tears as any ever staged. The author, Sam Morris, has taken for his theme the incidents made famous in cartoons of "Hooligan" and has woven around the character a story of metropolitan life that is unique in the manner of handling and presentation. Any story that deals with the mysteries of New York life has a peculiar element of interest in it. In spite of the newspapers, the police courts and the city authorities, hundreds of crimes are committed that are never heard of, hundreds of dramas in real life are enacted proving that truth is sometimes more strange than fiction. Here and there in the newspapers you may see a paragraph that puzzles you; could you solve the mystery you might tell a story of human passion and interest, of love and hate, as strange as any evolved by a dramatist.

Such a story is "Hooligan" in New York, and the author has not gone far afield in plot and situation, to tell his tale. The local is laid among the tenderloin places of Gotham and some of the equally notorious landmarks of the seamy lower East Side, which includes the once dreaded Five Points, a Chinese opium den, Cherry street at night, showing a view of the Brooklyn bridge illuminated and a thieves' den; exterior of the Tombs Prison and the historic Bridge of Sighs.

Of course "Hooligan" is the central figure of it all, and thwarting of the villains in their efforts to injure and obtain the fortune of Nellie, blind girl, is laughable at times and at others equally sensational and exciting. A stirring climax is the rescue of "Hooligan," who has been tied to a rail on the New York Central railroad track in the nick of time by his dog "Flip" just as a train is approaching.

The character of "Hooligan" is a creation of the newspaper supplements and his transition to the stage has scored a big hit everywhere. The supporting company is a large and capable one and numerous specialties are introduced throughout the various acts.

Secure seats tomorrow morning at Miller & Vidal's. Prices, 25, 50 and 75 cents.

Many Sleepless Nights, Owing to a Persistent Cough—Relief Found at Last.

"For several winters past my wife has been troubled with a most persistent and disagreeable cough, which invariably extended over a period of several weeks and caused her many sleepless nights," writes Will J. Hayner, editor of The Burley (Col.) Bulletin. "Various remedies were tried each year, with no beneficial results. In November last the cough again put in an appearance and my wife, acting on the suggestion of a friend, purchased a bottle of Chamberlain's Cough Remedy. The result was, indeed, marvelous. After three doses the cough entirely disappeared and has not manifested itself since." This remedy is for sale by all druggists.

Funeral Largely Attended.

The funeral services of the little two-year-old son of Dr. and Mrs. B. M. Tison were held from the house yesterday and followed to Evergreen Cemetery by a large concourse of sorrowing friends. The casket was covered with lovely flowers which were sent in by friends of the family.

A WOMAN'S APPEAL

To all knowing sufferers of rheumatism, whether muscular or of the joints, sciatica, lumbago, backache, pains in the kidneys or neuralgia pains, to write to her for a home treatment which has repeatedly cured all of these tortures. She feels it her duty to send it to all sufferers FREE. You cure yourself at home as thousands will testify—no change of climate being necessary. Her simple discovery banishes the pain from the blood, loosens the stiffened joints, purifies the blood, and brightens the eyes, giving elasticity and tone to the whole system. If the above interests you, for proof address Mrs. M. Summers, Box 1, South Bend, Ind.

Mitchell—Brown.

The post-card tent near the fire station was the scene last night of one of the prettiest romances transpiring in Gainesville for some time, when the photographer, Mr. W. V. Mitchell, and Mrs. Gertrude Brown met in the tent of the former for the first time. It proved to be love at first sight, and the wedding ceremony was performed at 7:30 o'clock by Rev. F. R. WHOLESALE GROCERY READY FOR BUSINESS

OPEN DOORS MONDAY WITH A
LARGE STOCK READY.

Will Be Represented on Road by Sam
T. Dell, a Well-Known
Traveling Man.

The Hartfield Grocery Company,
the new wholesale grocery, will be
ready for business on next Monday,
February 15th, as was their original
location.

For the past several days truckmen
have been busily engaged in unload-
ing freight and transferring it to
their building, and while their stock
is not yet as complete as they pro-
pose to have it they will be enabled
to take orders commencing Monday.

Besides Mr. Hartfield and his son,
he has other help in his office, and he
will be represented in this vicinity by
S. T. Dell, a Gainesville boy who has
held numerous responsible positions
with wholesalers and enjoys an excel-
lent trade throughout the State.

This is the first exclusive whole-
sale business Gainesville has had in
a number of years, and another firm
is also building. We trust that they
will be enabled to sell goods in com-
petition with other places and again
establish Gainesville as a wholesale
center.

In speaking of the opening the man-
ager informed us that they would be
enabled to compete with Jackson-
ville in prices on quite a number of
articles, besides saving the freight,
and in some cases they may even do
better than this, but at any rate they
were assured of considerable trade.

SANITARIUM NOTES.

The painters have finished repaint-
ing the Sanitarium, which adds great-
ly to the appearance of the building.

Since Christmas the Sanitarium has
had an average of twelve patients a
day. The physicians of the surround-
ing towns are now beginning to refer
a good many patients to the Sanita-
rium owing to the excellent facilities
which the institution is developing
for the care of invalids.

Mrs. W. L. Wilson of Alachua, who
was brought to the Sanitarium very
ill and underwent a serious operation
last week, is now convalescing rapidly
and will return home in a few days.

W. F. Love, who was a patient at
the Sanitarium, returned to his home
at Trenton a few days since.

C. E. King, manager of the large in-
terests of Wade & McNair at Perry,
has recovered and returned home.

T. W. Dryden, president of the
Bryant & Stratton Business College
of Louisville, Ky., arrived a few days
since, owing to the serious illness of
his wife.

Dr. Gerry R. Holden, a prominent
surgeon of Jacksonville, was a visitor
to the Sanitarium Sunday.

T. A. Heatwole of Dayton, Va., has
arrived and will remain under treat-
ment at the Sanitarium for a month
or more.

Dr. Gaston Day, an old Gainesville
boy, and now one of the prominent
young physicians of Jacksonville, was
a visitor to the Sanitarium a few days
since. Dr. Day is the son of Hon. H.
K. Day, so well and favorably known
by all our citizens.

Building Nearly Completed.

S. H. Dempsey, who has a contract
at Archer, arrived home Saturday for
the purpose of spending Sunday with
his family. He states that he is now
putting the roof on the brick building
started there only two weeks since
for C. D. Wood and just as soon as
he can complete the job he has other
contracts that will require his atten-
tion in this city.

Worn Out.

That's the way you feel about the
lungs when you have a hacking cough.
It's foolishness to let it go on and
trust to luck to get over it, when Bal-

IN MEMORIAM.

Resolutions of Respect from the H. M.
S. of the First Methodist Church.

Whereas, God, in His infinite love
and wisdom, has seen fit to remove
from our number our beloved sister
and coworker, Mrs. Omera B. Thom-
as; and

Whereas, She was for years an ac-
tive worker in the Home Mission So-
ciety, supporting it by her labors and
prayers and substance; and

Whereas, Her deep piety and active
Christian life has been an example
and inspiration; Therefore be it

Resolved, That in the death of our
beloved sister the church which she
loved and served so long and faith-
fully has lost a true mother in Israel and
the Home Mission Society a benedic-
tion.

Resolved, That while we deeply de-
plore her death we bow in humble
submission to the will of Our Heav-
enly Father, feeling that our loss is her
eternal gain.

Be it further resolved, That we ex-
tend to the bereaved loved ones our
heartfelt sympathy, and commend
them to the love and care of the God
whom she loved and served, and with-
out whose knowledge not a sparrow
falleth.

Resolved, further, That a copy of
these resolutions be sent to The
Gainesville Sun for publication and
one be spread upon the pages of the
minutes of the Home Mission Society.

MRS. J. E. FUTCH,
MRS. H. L. PHIFER.

Card of Thanks.

I desire to extend the thanks of
the Guards to the generous public for
their liberal patronage and other
courtesies extended to us during the
late production of "The Late Mr.
Jones," which was given as a bene-
fit performance. A small sum was
realized, and we are thankful to the
citizens therefor. Our thanks are also
extended to Mr. Hudgins and the caste
who took part in the play.

Respectfully,

Six Nights "Go as You Please" Race.

How many tired fathers and moth-
ers in this town enter this race every
night carrying a baby? And they
wonder what the matter is. Chances
are the child is starving—worms are
eating all of its food. Most children
have worms—yours needn't. White's

Very Dry at Hague.

Judge J. A. J. Strickland of Hague
was a visitor to the city Friday.
He states that it is very dry in his
section and that he has been compell-
ed to haul water for some time for
his stock, as all of the ponds have
dried up, and in many cases the wells
in his neighborhood have also gone
dry.

Ask Yourself the Question.

Why not use Chamberlain's Lin-
iment when you have rheumatism? We
feel sure that the result will be
prompt and satisfactory. It has cured
others, why not you? Try it. It costs
but a trifle. Price, 25 cents; large
size, 50 cents. For sale by all drug-
gists.

May Hold Special Term.

Prosecuting Attorney Rivers stated
yesterday that it was very likely that
a special term of court would be held
for the purpose of trying the Bexley-
Osteen case. He said it would re-
quire a great deal of time to hear
all the evidence and that he would
ask for a special term to be called.

foot with a .22-rifle while playing with

Watts.

TELEPHONE TALKS

The Long Distance System

One of the most valuable features
of our service, to our subscribers and
to the public generally, is our connec-
tion with the extensive long distance
lines of the American Telephone and
Telegraph Company and the other as-
sociated Bell Telephone companies.

We own thousands of miles of long
distance lines in the seven States in
which we operate and in addition can
connect any telephone in our system
with lines extending to any other city
in which a Bell Telephone system is
operated.

These long distance lines are of the
most modern and improved construc-
tion and are maintained at a high
state of efficiency. The Bell systems,

operating in various sections of the
country, are uniform in their equip-
ment and in their methods of oper-
ating.

Only by reason of this close traffic
arrangement between the Bell Tele-
phone companies is it possible to go to
a Bell Telephone almost anywhere,
ask for "Long Distance" and be put in
communication with almost any point
in the country.

This vast network of wires, radiat-
ing throughout the nation, is used
daily in commerce and for social pur-
poses by the banker, the farmer and
citizens in all walks of life and our
plant here is an important link in this
great chain.

IT IS FOR LADIES, TOO.

They Can Stop Their Hair Falling Out With Herpicide.

Ladies who have thin hair and whose hair is falling out, can prevent the hair falling out, and thicken the growth, with Newbro's "Herpicide." Besides, Herpicide is one of the most agreeable hair dressings there is. Herpicide kills the antruff germ that eats the hair off at the root. After the germ is destroyed, the root will shoot up, and the hair grow long as ever. Even a sample will convince any lady that Newbro's Herpicide is an indispensable toilet requisite. It contains no oil or grease, it will not stain or dye. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

AFTER SUFFERING TEN YEARS

Cured by Lydia E. Pinkham's Vegetable Compound

MARLTON, N.J.—I feel that Lydia E. Pinkham's Vegetable Compound has given me new life. I suffered for ten years with serious female troubles, inflammation, ulceration, indigestion, nervousness, and could not sleep. Doctors gave me up, as they said my troubles were chronic. I was in despair, and did not care whether I lived or died, when I read about Lydia E. Pinkham's Vegetable Compound; so I began to take it, and am well again and relieved of all my suffering."—Mrs. GEORGE JORDY, Box 40, Marlton, N.J.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotics or harmful drugs, and to-day holds the record for the largest number of actual cures of female diseases we know of, and thousands of voluntary testimonials are on file in the Pinkham laboratory at Lynn, Mass., from women who have been cured from almost every form of female complaints, inflammation, ulceration, displacements, fibroid tumors, irregularities, periodical pains, backache, indigestion and nervous prostration. Every suffering woman owes it to herself to give Lydia E. Pinkham's Vegetable Compound a trial.

If you would like special advice about your case write a confidential letter to Mrs. Pinkham, at Lynn, Mass. Her advice is free, and always helpful.

A REAL CLOUDBURST.

One That Descended Upon a Mountain in Scotland.

What a real cloudburst is like is described by a Scotland correspondent of Country Life: "A cloudburst of exceptional size descended on the Cairngorm mountains, and an old watcher, who has his hut almost exactly where the cloud burst, gives the following details: On July 10, 1901, the morning opened brilliantly fine and warm, with a cloudless sky and brilliant sunshine, but toward noon heavy clouds formed on the hills, and it rapidly became so dark that it was almost impossible to read. He was standing in the door of his hut, when suddenly he heard from the hill across the glen a report like a thunderclap, followed by a noise like the tearing of linen, only a thousand times louder and more majestic in sound. Then he noticed that a solid mass of water had struck the hilltop, and part of it, bounding up again with the force of the impact, had descended on the hilltop immediately behind his hut. Immediately afterward a tremendous volume of water came pouring down both hillsides, forming great rifts in the hills as it swirled, irresistible in its course, down rocks and stones. The channel the flood scooped out was in places quite twelve feet deep, and large rocks were tossed down its course as if they had been pebbles. The sand and stones brought down by the water so dammed up the river Dee that quite an extensive loch was formed. During the time of the cloudburst the weather a mile or two up the glen remained fine, but to the south the clouds were black as night."

Reason Enthroned.

Because meats are so tasty they are consumed in great excess. This leads to stomach troubles, biliousness and constipation. Revise your diet, let reason and not a pampered appetite control, then take a few doses of Chamberlain's Stomach and Liver Tablets and you will soon be well again. Try it. For sale at all druggists. Samples free.

How It Struck Him.

It was 5 o'clock in the afternoon, in a crowded Brooklyn trolley car, and above the noise arose the wails of a leather lunged baby protesting against everything. After two miles of this din the mother left with her child, when a young man in the front end of the car thus expressed his sentiments:

Geese whiz! I'm glad I'm free! No wedding bells for me.

The result can be more easily imagined than described.—New York Post.

REV. HUGER TO A NEW FIELD.

Colored Minister to Cedar Key and Rosewood Circuit.

Rev. S. A. Huger, who was pastor of the Mt. Pleasant M. E. church (colored) in this city for the past two years, has been changed from this church at the recent session of the Conference held in Fernandina and appointed to Cedar Key and Rosewood Circuit. Rev. Huger is one of the leading ministers of the Colored Methodist Church in this State, and enjoys the distinction that no other of his brethren enjoys. He has served his church for sixteen years as presiding elder; twice a member of the General Conference, and was the only member of his race to participate in the opening of the General Conference at Los Angeles, Cal., in 1904, and for the past two years he has been and is now secretary of the Florida Annual Conference. His success as pastor of Mt. Pleasant church for the past two years is acknowledged by the citizens of Gainesville as well as the members of this church. Every Sabbath for two years he filled his place in this church, with the exception of one Sunday when he was attending his annual conference. The sick and destitute had his personal attention. His general bearing on the streets easily distinguishes him as an exception among the ministers of his race. In business circles he has made many friends among the white business men of this city, who always appreciate a straightforward business man. Although he has a large family to provide for (which should have been considered in his appointment), still it is hoped that the small circuit which he is sent to will in some way greatly assist him with the responsibilities which rest upon him as a father. He is proprietor of the Gainesville Undertaking Company and will continue to do business in this city.

Hexamethylenetetramine.

The above is the name of a German chemical, which is one of the many valuable ingredients of Foley's Kidney Remedy. For City Marshal.

To the Voters of the City of Gainesville:

I am a candidate for City Marshal, for re-election on April 13. I have served the people faithfully and efficiently, night and day, and my record is open for inspection.

If my service during the past year has been satisfactory I ask the support and vote of each and every citizen who is qualified. I can only promise the same service as I have endeavored to give in the past.

Yours for order,
BEN T. ARNOW.

I take this method of informing the public that I am a candidate for City Marshal at the election to be held on April 13, 1909. I respectfully solicit the support of all voters, irrespective of party affiliation, and promise to faithfully and impartially discharge the duties of the office should I be elected. Respectfully,

CHAS. C. WARREN.

I respectfully announce myself a candidate for the office of City Marshal, to be voted for at the election on April 13, 1909. If elected I will faithfully discharge the duties of the office without fear or favor. I respectfully solicit the votes of all, irrespective of party affiliation.

SIGNALS OF DISTRESS

Gainesville People Should Know How to Read and Heed Them.

Sick kidneys give many signals of distress.

The secretions are dark, contain a sediment.

Passages are frequent, scanty, painful.

Backache is constant day and night. Headaches and dizzy spells are frequent.

The weakened kidneys need quick help.

Don't delay! Use a special kidney remedy.

Doan's Kidney Pills cure sick kidneys, backache and urinary disorders. Gainesville evidence proves this statement.

Mrs. L. de' Yampert, 107 W. Arlington street, Gainesville, Fla., says: "My kidneys were disordered for some time and I could find nothing that would relieve me. My back ached constantly and I was subject to sick headaches, dizzy spells and chills. I had a constant feeling of lassitude and the least exertion tired me. I read so much about Doan's Kidney Pills that I decided to give them a trial and procured a box. This remedy drove away all pains and aches and I am today in good health."

The wireless telephone is coming. The voice has clearly carried a distance of sixty miles in stormy weather. In France a wireless telephone service has been installed between Paris and Marseilles, a distance of six hundred miles.

The statements of the Gainesville banks which recently appeared in The Sun show these financial institutions to be in excellent condition. No city in Florida can boast of safer banks than Gainesville, or more accommodating bankers.

The American cement companies, having formed a great trust, should at least be able to stick together, but are they not carrying it a little too far when they build concrete fences around baseball parks without any holes for the small boy to look through?

The civil service law was enacted twenty-five years ago. It has withstood the attacks of every Congress. Its enemies do not hesitate to vote against it on a yea and nay vote, but the roll call makes them afraid. Their effort to grab patronage through the census bureau is disgraceful.

Those editors who have already succeeded in electing Senator Hudson as President of the State Senate will discover that they counted their chickens before the eggs were hatched. Senator Hudson is eminently qualified for the position of presiding officer, but—he hails from the thirteenth district.

By purchase from the State of Colorado the National Association of Letter Carriers has secured a tract of 100 acres adjoining the Union Printers' Home east of Colorado Springs as the site for its proposed national home and sanitarium. Following the St. Paul convention in September it is expected that work will begin on an institution to cost \$100,000 or more.

The bold raid made by Congress to appropriate to themselves the juicy government positions of three thousand census clerkships was scotched by a Presidential veto. There is not strength in Congress to pass the bill over the President's veto and no bill will be enacted this session, but it will go over to the next session, when President Taft may be relied upon to see that the policy and the standard of civil service is upheld.

ABOUT ADVERTISING.

"There was a time when merchants found it profitable to do business without advertising—but that time has passed," truthfully observes The Orlando Sentinel. "The merchant who gets his share of trade these days must hustle and advertise, or lose trade, or lose out to his more progressive competitor who does."

"It not only pays the merchant to advertise, but it pays the buyer to patronize the merchant who is liberal enough to spend a little money with his local paper to tell about his merchandise and to invite the customers to do the right thing by his customers, and sell on as liberal terms as it is possible to do."

"But just why merchants and business men will continue every year about this time to patronize every old fake and bum who drifts into the city, is beyond our comprehension."

"The local newspapers work for the town, their proprietors pay big taxes and licenses, educate their children (if they can afford it) and push along things in general. The bum is here today and the Lord only knows where the next."

"We have lived in Florida all our lives, and we have never yet called on the law-makers to help us out, but we surely hope that the next Legislature of Florida will pass a law making all such grafters pay a license. The newspapers are compelled to do so, and it is only fair and right that outsiders do likewise."

"Possibly it might be within the province of our city council to pass an ordinance for the protection of our business men against these sharks. Our business men seem mighty gullible, as witness their donation of \$400 last week to a pair of smooth talkers who, in consideration of the above munificent sum, kindly decorated the inside of bed-room doors in several of our hotels with little banners bearing the business cards of generous contributors to the sinking fund. Just imagine the interest with which the chambermaids and drummers will study those costly bed-room announcements!"

"And this is only one chapter in the history of fake advertising, to which our people fall easy victims."

"For the sake of these deluded mortals, these dear babes in the wood—our business men—let there be a law passed making it a felony to fleece them on fake advertising schemes."

Jacksonville is to give a public demonstration of what happens in a railroad wreck when two engines come together in a head-on collision moving at the rate of fifty or sixty miles an hour. At the exposition grounds a track seven-eighths of a mile in length has been laid and starting from each end of this track the engines will speed toward each other, meeting in the center with a crash and a roar. Both will be entirely demolished and only fit for the scrap heap. This event is to take place on February 28th, and special excursion trains are to be run to Jacksonville on that day to enable everybody to witness the great event.

Those of our citizens who have complained of the class of shows put on at The New Baird Theatre this season certainly have no "kick" coming against the Lyman Twins Company, which occupied the stage Friday night. Manager Kalbfeld has done the best he could under the circumstances, for few of the better class companies have come South of Atlanta this season.

CURRENT COMMENT.

The Louisville Courier-Journal says: "And now it is a Nebraska legislator who has war-hooped into the ring with a bill making it unlawful for Japanese and Chinese to work in company with white men or to be employed in the same building. If legislators of this stripe could be put to work it is not likely that legislation would be necessary to cure any willingness on the part of Japanese or anybody else to work in their company."

The Philadelphia Record says: "There is no question as to the good intentions of the numerous body of American manufacturers who are agitating for a permanent commission to accomplish a 'scientific' revision of the tariff. But what is clear enough is that neither the Republicans nor the Democrats elected to the next Congress have any notion of imposing this portion of their legislative functions upon a commission. They purpose to perform all the necessary tariff legislation themselves. Such being the case, the agitation for a tariff commission is a mere waste of time."

The Springfield Republican says: "Americans who live abroad because, having small incomes, they find it cheaper there than at home, will need to keep away from France if the proposed law taxing the incomes of resident aliens is enacted. According to the measure now before the Chamber of Deputies foreigners resident in France would be taxed on the basis that their taxable income was seven times the rental value of their residences. The example of France might be followed gradually by the other European countries where small incomes go a long way, for they are all in need of money."

It is learned that the inhabitants of the Republic of Panama are of opinion that the Americans are stingy and they have taken great offense that they do not buy of them at their exorbitant prices. It is understood that one can live now at Panama by buying of American merchants as cheaply as anywhere in the United States. It is a fact well-known by travellers that Americans are looked upon the world over as the lawful prey of shopkeepers, hotels and cab drivers. If the Republic of Panama has been educated to a different impression there is one nation, at least, that has made a good beginning.

Rev. J. B. Culpepper and son have closed the most successful revival ever held in St. Petersburg, over one hundred names having been added to the membership of the different churches. They are now conducting meetings in Palatka, and will go from there to Tampa.

A Hurry-Up Medicine.

Every housekeeper recognizes the need of effective remedies to be used in emergencies—when something must be done right away. Such a remedy is Perry Davis' Painkiller, for sprains and bruises, for strained muscles and for the aches and pains resulting from blows and falls. Burns and cuts are instantly relieved by it and helped to healing. Its mission of mercy began seventy years ago. It is used in all countries and millions of bottles are sold annually. There is but one Painkiller, Perry Davis'. Have you seen the new large 35c size?

BALLARD'S SNOW LINIMENT

READ THIS REMARKABLE CURE

"I was much afflicted with rheumatism, writes Ed. C. Ned, Iowa, Sedgwick Co., Kansas, 'going about on crutches and suffering a great deal of pain. I was induced to try Ballard's Snow Liniment, which cured me, after using three 50c bottles. IT IS THE GREATEST LINIMENT I EVER USED; have recommended it to a number of persons, all express themselves as being benefited by it. I now walk without crutches, and am able to perform a great deal of light labor on the farm.'"

SEEING THE ALPS.

Tourists Who Do Their Mountain Climbing by Telescopes.

The tourist of today who visits the Alps and who lacks the physical endurance or whose time is too limited to make the ascent of some of the famous peaks nevertheless is able closely to survey the panorama of mountain scenery through the medium of powerful telescopes located at the terminals of the mountain railroads. By this means the rocks and glaciers and peculiar formations of these historic mountains may be carefully studied, though the spectator need not approach them within many miles.

Each of these mountain telescopes is mounted on a forked cradle and is so nicely balanced that its position may readily be fixed by the tightening of small thumbcrews after the focus has been adjusted with a hand wheel. The magnifying power of the instruments varies from 35 to 116 diameters, but is adapted for landscape observation only.

When weather conditions are suitable, climbers on the Titlis may be seen through the telescope at Uetliberg, near Zurich, a distance of forty miles, and the hotel on the Faulhorn, sixty miles away, may be recognized. Every step of the toilers on the slopes of the Matterhorn can be followed by means of the instrument on the Riffelalp above Zermatt. Several lives have been saved by the means of these glasses, for signals of distress on the mountains are seen by the watchers at the telescopes.—Harper's.

S.S.S. RIDES THE SYSTEM OF CATARRH

Catarrh is a blood disease which causes a general inflammation of the inner linings or mucous membranes of the body. The diseasing of these delicate surfaces and tissues produces all the well known symptoms of the trouble, such as ringing noises in the head and ears, tight, stuffy feeling in the nose, pains above the eyes, irritation of the throat, sometimes slight fever, and a general feeling of weakness and ill health. Even the lungs become affected by the continual passage of impure blood through them, and there is danger of consumption if the disease is allowed to remain in the system. S. S. S. cures Catarrh because it purifies the blood. It goes into the circulation and removes every particle of the catarrhal matter, making this vital fluid pure, rich and healthy. Then the inflamed membranes begin to heal, every symptom disappears, the constitution is built up and health restored. S. S. S. rides the system of catarrh by attacking the trouble at its head and entirely removing the cause from the blood, thus making a permanent and lasting cure. S. S. S. is made entirely from health-giving roots, herbs and barks, and for this reason is an especially safe and desirable medicine. Book on Catarrh and any medical advice free to all who write.

THE OLD SAIL DRILL

Perils the Modern Warship Men Do Not Have to Face.

One of the dangers and one of the hardest tasks of the man-of-war's man vanished out of his life when, with the supplanting of the frigate by the steam cruiser, the old time sail drill became a thing of the past. Fleets in the old days were continually exercised in making and shortening sail, shifting spars and all similar maneuvers aloft, says Captain J. W. Gambier of the British navy in his "Links In My Life." As the greatest rivalry existed among the crews as to which ship should carry out the evolution first accidents were frequent. Hardly a drill day passed without men being seriously injured.

Once during a drill in Kiel harbor, where the rivalry in the fleet was increased by the eagerness of foreign ships to compete with the English, an unfortunate French midshipman went head first from the mizen crossrees of the French flagship to the deck. That numbers of accidents should take place in sail drill was not astonishing when one remembers that spars measuring perhaps seventy or eighty feet long and weighing two or three tons were whisked about with bewildering speed with nothing but men's hands and brains to guide them; hundreds of men crammed into a space of a few hundred square feet, where nothing but the most marvelous organization and discipline could avert death on deck or aloft.

To the landsman, who understood nothing of the difficulty involved in rapidly shifting these great masts and yards or in reefing and furling thousands of square feet of stiff canvas—perhaps wet or half frozen—the rapidity with which it was done was perhaps the chief wonder.

Ropes, running like lightning through blocks that were instantly too hot from friction to be touched, had to be checked to within a few inches, requiring the utmost coolness and presence of mind, while the officer in command had to superintend what to the uninitiated looked like a tangled mass of cordage, but which was in reality no more in confusion than the threads in a loom.

In an instant this officer might see something going wrong. To delay a single second meant a terrible catastrophe. Every one, aloft and aloft, was relying on his judgment.

"Belay! Ease away!"

The order came in an instant. The boatswain's mates repeated it in a particular call which this life and death necessity soon taught every one to understand, the shrill whistles rising above the din of tramping feet and running ropes or the thunderous crash of the great sails in the wind. Death had been averted—or not. If not you looked up and saw some unfortunate man turning head over heels in the air. Your heart stood still. Would he catch hold of something, even if only to break his fall, or would he come battering on the deck? It was a mere toss up. If he was killed outright it generally stopped the drill for the day; if he was only seriously injured the drill went on, for this was part of the lesson that must be learned—that in peace, as in war, one must take his chances.

For That Terrible Itching.

Eczema, tetter and salt rheum keep their victims in perpetual torment. The application of Chamberlain's Salve will instantly allay this itching, and many cases have been cured by its use. For sale by all druggists.

Useless Prayers.

An earnest young preacher in a remote country village concluded a long and comprehensive supplication by saying, "And now let us pray for those who are dwelling in the uninhabited portions of the earth."

Hoarse coughs and stuffy colds that may develop into pneumonia over night are quickly cured by Foley's Honey and Tar, and it soothes inflamed membranes, heals the lungs, and expels the cold from the system. J. W. McCollum & Co.

Three Royal Toasts.

The "Greville Memoirs" tells this story of King William IV. of England and the Duke of Cumberland, his brother: "During dinner loud voices were heard, which soon became more vehement. Both brothers had drunk more than usual, and the duke had lost his temper and his head. Then for the first time King William suspected the idea which from that time was never out of Duke Ernest's mind—that he ought to be the next king of England should no male children survive his brother, William IV. The duke, rising, said: 'Call in the suit. I am proposing a toast. The king's health; God save the king.' The suit came in and drank it. Then the duke said, 'May I also, sir, propose the next toast?' 'Name it, your grace,' replied the king. 'The king's heir,' proudly said the duke, 'and God bless him!'

"A dead silence followed. Then the king, collecting all his energies and wits, stood up and called out, 'The king's heir; God bless her!' Then, throwing the glass over his shoulder, he turned to his brother and exclaimed, 'My crown came with a lass, and my crown will go to a lass!' Every one noticed that the duke did not drink the toast. He left the room abruptly."
